

TexMaGr was established in 1997 by Mr George Andreadis and its first activities were in the field of flat & circular knitting machinery. Afterwards and about 10 years later, the enterprise expanded its activities in the area of dyeing and finishing machinery.

With the support of a well-experienced technical team, the enterprise succeeded to place several machineries in many markets worldwide.

The after-sale service is the great advantage of the enterprise. In addition to this, our team is always ready to assist you, advice you and lead you to the best solutions in order to achieve the best performance for your factory.

The enterprise is a member of the Industrial Chamber of Commerce in Thessaloniki, Greece (Registration Number: 38451) and has the permission of exporting all kinds of textile machinery (Export Special Registration Number: 60/9208)
